FABRICS CURTAINS & UPHOLSTERY

Interior and exterior fabrics

Curtain and Upholstery fabrics complete the decor in each space, playing an important role in the overall decoration and shading.

Create spaces with identity by choosing the fabrics, patterns, colors and textures that suit your **private or business spaces**.

Choice of fabrics for bespoke curtains, roman curtain, decorative cushions and upholstery with special usage characteristics.

With **over 40 years of experience** in the field of textiles as well as countless choices of European collaborators, our goal is to create the environment through which you can express yourself, be inspired and create.

CURTAIN ACCESSORIES

We provide sewing services and advices on how to sew a curtain, but also on how you choose to hang it so that it stands out best. Choose a curtain rod or type of rail that suits the space, depending on the fabric, style and look of the curtain.

Choose to be placed on the wall or the ceiling, with a boring type option for intensive use and a greater weight of fabric or in a corner with the use of the flexible rail.

Add an extra decorative touch with decorative ropes or brackets mounted on the wall.

FABRICS FOR PROFESSIONAL USE

In professional areas and always based on your own needs, we offer fabrics with special characteristics and high specifications, which meet your criteria and requirements.

Available blackout fabrics and **fire resistance fabrics** (fire resistance fabrics that avoid or delay the occurrence of fire, ensuring a safer living environment) that are highly recommended for use in hotels.

Fabrics manufactured with an antibacterial fiber or anti-bacterial coating are available for areas such as clinics and hospitals.

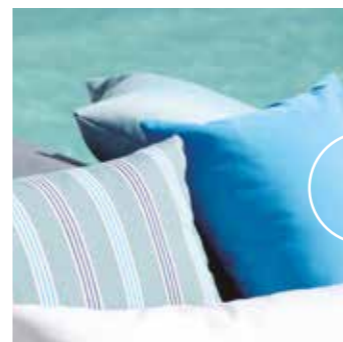

FABRICS FOR OUTDOOR SPACES

Create your outdoor space with the help of our outdoor fabric options.

Comfortable, luxurious, full of color or not, it should definitely express you and inspire you to share beautiful moments.

The water-tight (waterproof) feature as well as the other features of the material create **extremely durable upholstery** offering you the protection you need from the sun and water.

Any outdoor space or outdoor room can be instantly transformed with a different outdoor upholstery fabric, some cushions, fabric panels or some curtains, giving it the style you like.

ROLLER BLINDS

VERTICAL BLINDS

SHADING SYSTEMS

Internal and external shading

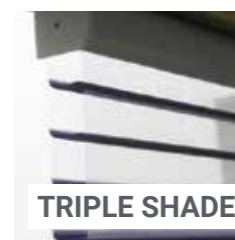

The company En Oiko Dimiourgies by Constantinou having as its primary goal to offer excellent product quality and level of service, has created **for over 14 years its own factory for the manufacture of indoor and outdoor shading items** with retail and wholesale sales.

Under the **Constantinou Blinds** brand we provide all kinds of **internal shading systems**: roller, combi/ zebra, vertical, venetian, triple shade perfect fit, and sliding panels, but also **external shading** such as aluminum blinds, awnings, shading pans and window screens.

Our aim is to offer prompt service, competitive prices and guaranteed product quality through a wide variety of qualities, designs, textures and colors that cover even the most demanding taste.

COMBI / ZEBRA BLINDS

TRIPLE SHADE BLINDS

PERFECT FIT BLINDS

Create the ideal space for you, where you can control the percentage of lighting that you want to penetrate. In addition to managing the systems **manually with a chain**, there is also the option (in some of the shading categories) to be done with **electric motors and automations**.

VENETIAN BLINDS

SLIDING PANELS

CARPETS

Carpets, rugs, carpet tiles, entrance mats and protective floor mats

We can say with confidence that carpets are not only an element of warmth, insulation and beauty only for winter period but have emerged as **the ultimate decorative element** of a space. A tasteful rug adds style and completes the room's decor.

Explore our rich collections of **designs, colors, patterns, shapes and quality**, and dress up your spaces with what fits.

ENTRANCE MATS

Professional / residential use

High-quality multi-functional dust control mats clean and dry, to prevent dirt and moisture from being carried into your space.

Ready to be delivered in monochrome options as well as made to order in your desired dimensions but also with the possibility of **printing a logo for a complete image of your company** and the correct promotion of it to your visitors.

CARPETS FOR PROFESSIONAL USE

We offer **various types of carpets** for professional use, either for indoor or outdoor use. Ideal for areas with high demands, **disinfectant type** of mat, **standing, protective floor mats** and **anti-slip**. Made to order many of the items are available in any dimension you need.

FITTED CARPET

Fitted is the type of carpet intended to cover a floor completely, as we call it wall-to-wall carpet.

Our company offers a wide range of excellent quality carpets of various types, in a **variety of colors and designs**, suitable for home and business use.

Based on your professional needs we can offer the ideal solution for **hotel rooms, corridors, lounges, offices**.

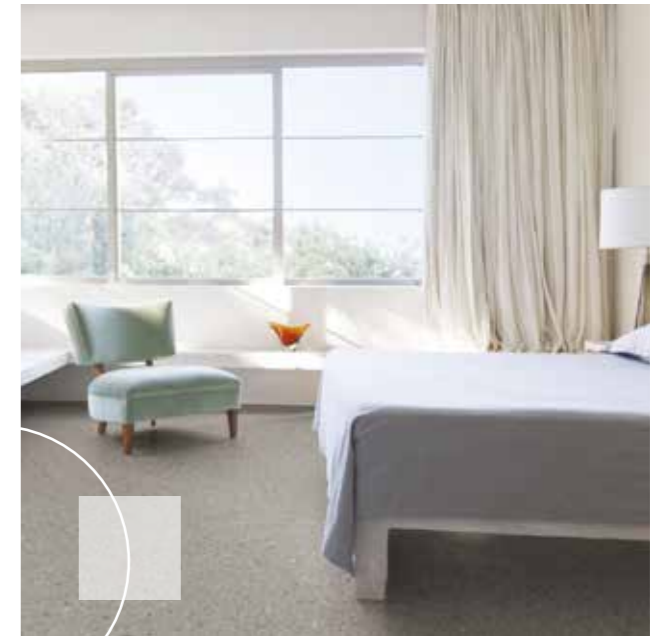

CARPET TILES

Carpet tiles are renowned for their aesthetics and style as well as their **excellent performance** even in the most demanding high traffic areas.

Innovative, stylish and high quality collections of carpet tiles for heavy and commercial use.

FLOORS

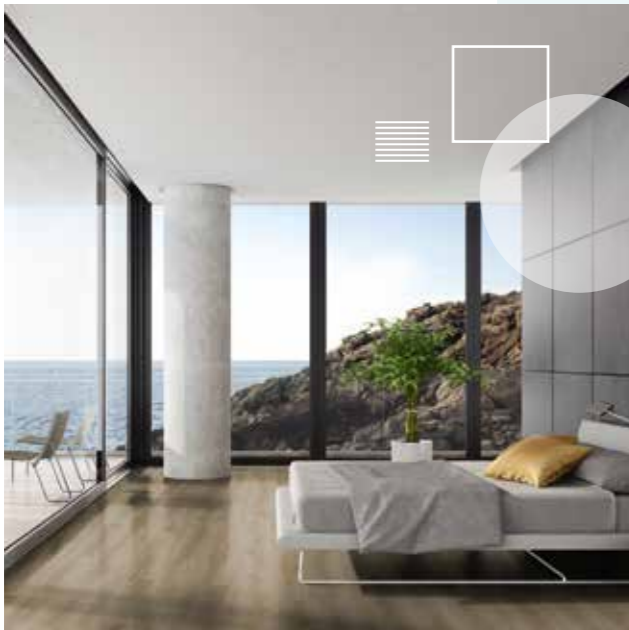

Natural and synthetic parquet, vinyl, and raised access floors

SYNTHETIC PARQUET | LAMINATE FLOOR

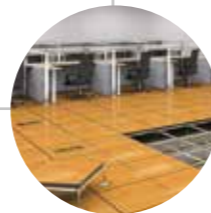

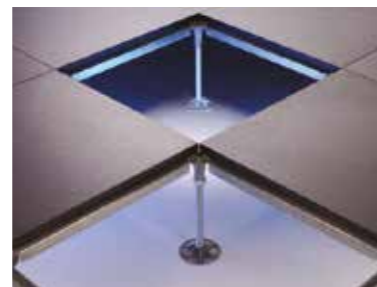

Depending on the area of application, laminate floors have the necessary properties to satisfy the requirements of a flexible design. Its main function is **impact resistance**. In addition to the visual side of the chosen decor, the surface texture plays an important role in order to be resistant to scratches.

For special requirements, explore the selection we offer in **wooden** flooring.

Complete solutions for homes and professional use

Collaborations with leading suppliers in the industry

RAISED ACCESS FLOOR

The **Raised Access Floor** system, with a raised floor above a solid base, enables the creation of a hidden passage for mechanical and electrical services.

It is widely used in office buildings and specialized sectors thus offering an indoor environment of hidden branching cables.

VINYL FLOOR & VINYL TILES (LVT)

The floors are suitable for **high-traffic areas** due to the **easy maintenance**, sound absorption, as well as the internal air.

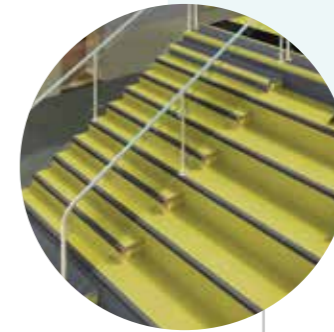

With **anti-slip properties, durability and impact damage**, and meeting requirements, their use is ideal for:

- restaurants and professional kitchens
- places of health interest such as hospitals and clinics
- spa and changing rooms, courts and gyms
- shops and leisure areas

Vinyl tiles can be **removed and replaced** easily. You can find patterns and colors and dare with contrasts.

Dedication to aesthetics and quality with the strictest certifications

WALL COVERINGS

Wallpapers

Every room tells a story and every wall shows your aesthetic and taste.

Create a special space, change your decor quickly using wall hangings.

Explore the wide **variety of colors, patterns and designs** we provide, and we take care of fitting them.

A special touch for stylish spaces.

WALL COVERINGS

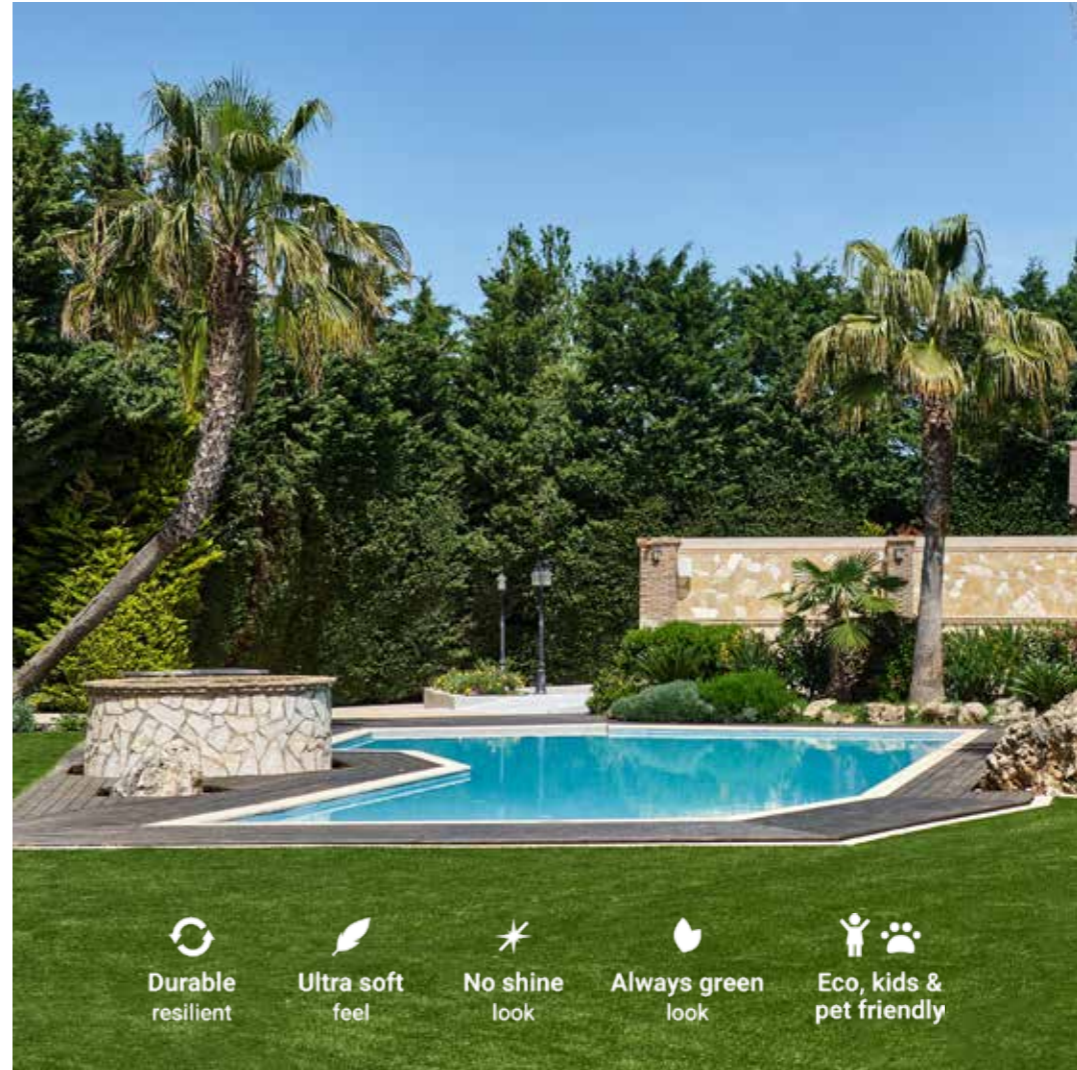

Wooden and garden panels

Decorate your space with the natural look of wood. Wall panels for interior and exterior cladding are the perfect decorative touch for shaping your space. They can completely change any space and give the feeling of natural look and warmth you are looking for.

Put green in your spaces. Decorative vertical gardens offer the possibility to create a unique effect of vitality and naturalness in your space, decorating walls or ceilings.

Made in 1x1m or 0.50x0.50cm panels, with a three-dimensional natural look, in a variety of designs and shades, with UV protection and made of quality environmentally friendly materials.

ARTIFICIAL SYNTHETIC GRASS

Choose the best quality with a guarantee

Create and cover anything imaginable!

- Forever green.** Synthetic grass stays green all year round. Even in the shade, under stairs, trees or even supports, the grass will retain its beautiful green color
- Easy installation on any surface.** Synthetic grass can be installed very easily. Immediately after installation you can enjoy a fantastic green garden.
- Water saving.** Synthetic grass obviously doesn't need any water since it doesn't need watering. It is artificial grass and maintains its beautiful green color and soft touch without water.
- Long lifespan.** It is a durable product that will give you many years of enjoyment. Does not discolor as a result of sunlight. An additional element that has also been taken into account is the environment, because our synthetic grass is completely recyclable.
- Zero maintenance cost.** Synthetic grass is the ideal solution for people who would like a green garden but don't want to have to work on it. There is no need to remove weeds and annoying insects, cut it or waste water to maintain it.

All you have to do is enjoy it!
